Almaty, Kazakhstan

EDUCATION

Bachelor in Computer Science
Narxoz University
Almaty, Kazakhstan
July 2027
GPA 3.44

SKILLS

Programming Language: Java
Frameworks & Tools: Spring Boot, Spring JPA, Hibernate, Spring Security, Maven, Docker, Apache Kafka
Databases: PostgreSQL
Version Control: GitHub
Other: REST API, JSON, JWT Authentication, Microservices, Linux, Postman
Soft Skills: Problem-solving, teamwork, adaptability, continuous learning

LANGUAGES

English (A2–B1), Russian (B2), Kazakh (Native)

Professional Summary

I’m an aspiring backend developer who enjoys learning new technologies and building real-world solutions. I believe in writing clean, maintainable code and constantly improving my skills. Currently focusing on deepening my knowledge of Spring, databases, and distributed systems.

Projects

Microservices Authentication System (Personal Project)

- Implemented user registration, login, and role-based access control using Spring Boot and Spring Security
- Integrated email verification through Gmail SMTP for account activation
- Designed asynchronous communication between services using Apache Kafka
- Used PostgreSQL as the main database and Docker for containerization
- Focused on scalability, clean architecture, and secure communication between services
